Inspire 100 ETF
Fact Sheet as of June 30, 2019

²The Fund's adviser has contractually agreed to reduce its fees and/or absorb expenses of the Fund, until at least March 31, 2020, to ensure that total annual fund operating expenses after fee waiver and/or reimbursement will not exceed 0.35% of the Fund subject to possible recoupment from the Fund.

³SEC Yield calculations are based on most recent Ex-Date. SEC Yield may include income, dividends, return of capital, or other distributions that are not considered short-term or long-term capital gains. Return of capital is considered a return of the investment principal and is not derived from net profits. Yield performance shown reflects fee waivers and/or expense reimbursements by the investment advisor to the fund resulting in a net expense ratio. Performance would have been lower without such waivers.

Important Risk Information:

Equity securities may fluctuate in value in response to the activities of individual companies and general market and economic conditions. While the shares of ETFs are tradable on secondary markets, they may not readily trade in all market conditions and may trade at significant discounts in periods of market stress. ETFs trade like stocks, are subject to investment risk, fluctuate in market value and may trade at prices above or below the ETFs net asset value. Brokerage commissions and ETF expenses will reduce returns. There is no guarantee that the Fund will achieve its objective. Securities in the Index or in the Fund's portfolio may underperform in comparison to the general securities markets or other asset classes. **Before investing, consider the funds' investment objectives, risks, charges and expenses.
